License change

The rebuild-bot has done it's work. There are still some discussions about a few area's that might be tainted due to people re-importing data.

Decided to send a message out to DWG to have the database ready on Friday August 24th, 2012 for the license to be changed. >> **Action: Dermot**

Chairman Emeritus

Henk proposes to appoint Steve as "Chairman Emeritus" of the OSM Foundation.

Steve, as Founder of the project, is an invaluable asset to the Foundation. His energy and vision should be secured with the project for the longer term. For the project to make best use of the qualities of the Founder, he should be in more representative, strategic and stimulative role.

Meaning:

The position of Chairman Emeritus is an honorary title that is granted by the board for the person's achievement for the OSMF and the intention of the board to retain the relationship between the individual and the OSMF.

The position of Chairman Emeritus is not an (elected) position to the Board of Management mentioned in the Articles of Association.

Rights granted: The Chairman Emeritus has a standing invitation to board meetings, working group meetings and State-of-the-Map conferences. He is invited to give advice to board members and working groups; as well make personal statements in public. The Chairman Emeritus is granted the right from the board to represent the OSMF in the public towards media and on conferences. In case he represents the OSMF he has the right to have his expenses reimbursed that are related to the representation. Further he can claim the expenses to visit the OSMF's official State-of-the-Map conferences.

Steve was willing to accept the position. Dermot and Oliver supported the proposal. Decision was made to grant Steve the role of Chairman Emeritus after consulting the other Board members (Matt, Mikel, Richard).

NOTE: after the meeting the other board members were consulted. Matt, Mikel, Richard confirmed the decision within 24 hours after the meeting via e-mail.
